

Health Advisor, Western Iowa Tech CC (30 years at WITCC)

I love traveling. My favorite trip so far was definitely Israel/Holyland, although my trip to Italy/France/Spain was postponed due to COVID, so I'm still looking forward to that one in the future! I enjoy many volunteer opportunities in Siouxland, along with Center for Siouxland. I lector at Holy Cross Parish, Volunteer at NAIA tournaments, Trinity Heights St Joseph Center Greeter, and Usher Sioux City Community Theatre. I have one son, 29, who lives in Scottsdale right across from Fashion Square Mall, so I thoroughly enjoy visiting him when I can. I have 6 brothers and sisters, providing lots of other travel opportunities.

I really appreciate the mission of Center for Siouxland and hadn't really heard much about it before joining the board. I had no idea Bridges West existed! I have referred many students to C4SL throughout the years, including one recently who was able to get two years' worth of tax returns finally done so he could do his FAFSA. Students at WITCC have enjoyed presentations by Center for Siouxland during their College Experience classes and Life Long Learning "students" have enjoyed their sessions.
